

YOU THINK... WE DO IT!

USB Drives

Small, portable and extremely useful, it's little wonder that the USB Drive has stood the test of time and remains a hugely popular promotional product. Here at Flashbay we pride ourselves on offering a beautiful range of USB Drive models, all manufactured in-house using the highest quality Grade-A components. Depending on which model you choose, you can have your logo, website address or brand message Screen Printed, Laser Engraved, Photo Printed or Embossed onto the surface of the USB Drive, all in extremely precise detail. Many of our models even allow for Pantone® Matching so you can identically match the USB Drive shell color to your brand guidelines.

We can preload your branded USB Flash Drives with presentations, videos, product catalogs or any other promotional materials you desire.

Useful and practical

Offer a prominent branding area for your logo or marketing message

Have a long service life giving your brand repeated exposure

Some of our models offer dual USB connectors. One end has the standard USB connector, the other end has an option of either a USB-C or Micro-USB connector for smartphones and tablets.

How you can use your Flash Drives

-  Corporate gifts for clients
-  Event and trade show giveaways
-  Product launch promotions
-  Music and video distribution
-  Document storage and sharing
-  Photo storage and distribution

Successful Promotions Using Quality Products

Using a quality product that will enhance your brand is essential to an effective and successful promotion. We strictly control the manufacturing and branding process of every USB Flash Drive, ensuring a top-quality end product that delivers maximum impact for your brand.

Certified RoHS Compliant

The Restriction of Hazardous Substances (RoHS) Directive prohibits the use of certain hazardous materials in the manufacture of various types of electronic and electrical equipment. We achieve pass certificates during compliance testing for each model in our range.

SAMSUNG

SK hynix

Micron

Memory Chips

Flash memory comes in different grades, varying in read and write speeds along with data retention capabilities. We only use brand new, Grade-A NAND Flash Memory for the construction of your USB Flash Drives. Grade-A components are extremely reliable and can withstand thousands of read/write cycles. To ensure you get the highest quality product possible, we use memory chips from high tech giants including Samsung, Hynix, and Micron - they're the same superior components used by companies such as Apple and Sony.

Quick Turnaround Time

We operate our own factory and consequently our lead times (the time from order to delivery) are considered to be the fastest in the industry. Most of our products are available on a 5 working day lead time for orders between 10 and 10,000 units.

USB Drives

TWISTER

Features a 360° rotating metal shell that protects the USB connector when not in use.

KEY

Made from highly-polished stainless steel that can be Laser Engraved with your logo.

NOX

Heavy duty, chrome-plated shell that is water resistant up to 100m.

KINETIC

Capless matte finish with innovative sliding mechanism and integrated key ring attachment.

CLASSIC

Features a brushed aluminium shell, ready to be Screen Printed or Laser Engraved with your logo.

👍 Branded Drives that double as wearable tech or pens!

USB Drive Accessories

MAGNET BOX

Holds a variety of models. The lid can be branded and is kept securely shut by two small magnets.

MAGNET BOX MEDIUM

A strong, protective accessory. The promotional product is securely held in place via the foam insert.

MAGNET BOX LONG

Features a long branding area on the lid, perfect for website addresses and slogans.

PRESENTATION TIN

A stylish metallic design that boasts a large branding area on the lid.

MAPLE BOX

The Maple Box is a beautifully crafted accessory. The hinged lid of the box is secured with a magnetic fastening.

BLISTER PACK

The Blister Pack, or 'retail pack', is made from transparent PVC. We can print the card insert in full color on request.

NECKSTRAP

Available in 8 colors. A great accessory to use at events and conferences.

PRINTED NECKSTRAP

The Printed Neckstrap can be branded with your logo, slogan, event details and more.

CARABINER

The Carabiner features a spring-loaded clasp that easily opens and securely closes to the end of the promotional product.

KEY CHAIN

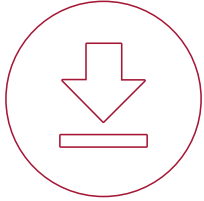

Features a secure metal hook with a spring closing mechanism.

★ Enhance your corporate gift with presentation boxes, keychains and more.

Services & Solutions

To maximize the potential of your promotion, we offer the following data services and solutions:

Data Preloading

We can preload your USB Flash Drives with any data you require such as PDFs, Videos, Music and Software.

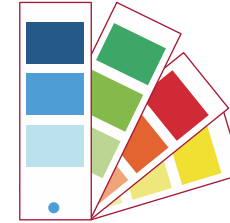

File Lock/Dual Zone

Prevent your preloaded data or presentation from accidental deletion with File Lock. The drive is given 2 partitions: one read only zone for your data and the other a user storage zone.

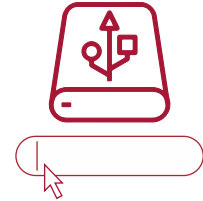

Auto Run Function

Preloaded data, such as a presentation, will launch automatically when the user plugs your custom USB Flash Drive into their computer. Functionality varies depending on user operating system.

Pantone® Matching

Precisely match the exact color of your USB Flash Drive to your corporate brand specifications.

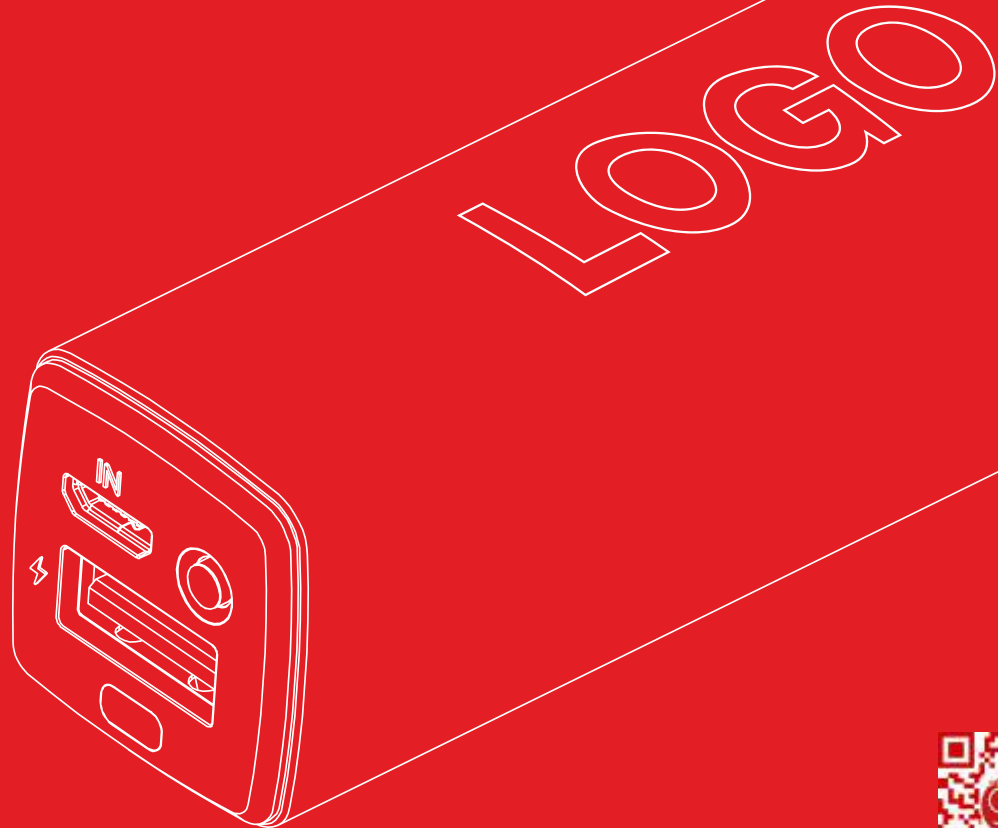

Volume Label

The 'volume label' is the name assigned to the Flash Drive when the disk is first formatted or created. We can customise the name of your USB Flash Drive on request.

Power Banks

Power Banks are an extremely popular promotional product that your customers and clients can carry everywhere. Our stunning collection is compatible with the latest smartphones, tablets, eBook readers, digital cameras and more. You can also choose from a selection of power capacities too. Just like our Drives, our Power Banks can be branded in a number of ways including Screen Printing, Laser Engraving, Photo Printing and Embossing.

Why Power Banks?

"A genuinely useful corporate gift that your clients will love."

How to Order

Working with us is easy, convenient and quick.

Contact us by email or phone and we will email you a full price list, send you samples and provide an image mock-up showing how your logo looks on the product (we call this a 'Virtual Proof').

Explore our product Sample Pack and review the Virtual Proof we email you. Request as many changes as you wish and ask for any additional information you require.

To place your order either retrieve your password, log in to our Customer centre and use the 'Order Tool' or deal directly with your Account Manager.

Order delivered to you from 5 working days.

Our Clients

We work globally with a wide range of clients across all industries and sectors. Below is a selection of clients who trust us for their promotional technology needs:
